Historical Note:

Christopher Samuel "Kit" Bond was born in St. Louis, Missouri to Elizabeth and Arthur D. Bond on March 6, 1939. He graduated from Deerfield Academy in 1956 and went to Princeton University where he graduated in 1960 with an A.B. degree from the Woodrow Wilson School of Public and International Affairs. Bond graduated first in his class from the University of Virginia School of Law in 1963.

After graduating from law school, Bond served as the law clerk to Elbert Tuttle who was the chief judge on the United States Court of Appeals for the Fifth Circuit in Atlanta, Georgia. In 1967, Bond moved to Mexico, Missouri, which was his hometown, and ran for Missouri's 9th Congressional district in 1968. He lost a close election to Bill Hungate in the house election. In 1969, John Danforth, State Attorney General of Missouri, hired Bond to be an Assistant Attorney General. Bond was elected Missouri State Auditor in 1970 after he defeated Haskell Holman who had been in office for seventeen years.

In 1972, Bond was elected governor of Missouri and at 33 was the youngest person ever elected as governor in Missouri. Bond was the first Republican to be elected governor in 28 years. He supported the Equal Rights Amendment which caused anger by some in his party. In 1976, Bond ran for reelection against Joseph Teasdale and lost. In 1980, Bond defeated Teasdale, and in his second term the Parents as Teachers Program became a statewide program. In addition, Bond served as the Chairman of the Midwestern Governor's Association.

Bond was elected to the Senate in 1986 and was reelected three more times in 1992, 1998, and 2004. Bond did not seek reelection to the Senate in 2010 and retired in January 2011. While in the Senate, Bond served on many committees and subcommittees including the Committee on Appropriations, Committee on Environment and Public Works, and was Vice Chairman on the Select Committee on Intelligence. He served on the Subcommittee on Agriculture, Rural Development, Food and Drug Administration; the Subcommittee on Defense; the Subcommittee on Energy and Water Development; the Subcommittee on Financial Services and General Government; and the Subcommittee on State, Foreign Operations, and Related Programs. He was the ranking member of the Subcommittee on Transportation, Housing, and Urban Development, and Related Agencies. He also served on the Subcommittee on Clean Air and

Nuclear Safety; Superfund, Toxics, and Environmental Health; and was a ranking member on the Subcommittee on Green Jobs and the Economy.

Bond was married twice. He married Carolyn Reid in 1967, and they had one son together, Sam, who was born in 1980. Sam served as an intelligence officer during the Iraq War. Bond and Carolyn divorced in 1994, and he married Linda Pell in 2002. After Bond left office in 2011, he joined the Thompson Coburn Law Firm. He also served as a co-chair of the Housing Commission at the Bipartisan Policy Center, and in 2011, he launched his own firm, Kit Bond Strategies. Bond died on May 13, 2025, in St. Louis at the age of 86.

Scope and Content Note:**Early Career Series**

This series contains materials related to Kit Bond's time in office prior to his first term as governor beginning in 1973 and primarily includes records from the auditor's office, including speeches, correspondence, and reports from 1969-1972.

Governor's Papers Series

This series consists of ten sub-series pertaining to Bond's actions as governor during his first term (1973-1977) and his second term (1981-1985). The bulk of this series includes subject files that are arranged alphabetically and include information gathered by Bond and staff on all matters pertaining to state business, issues affecting Missouri and Missourians, legislation, departments, commissions, councils, and meetings.

Subject Files Sub-series

This sub-series contains subject files arranged alphabetically for both of Bond's terms as governor.

Speeches Sub-series

This sub-series contains speeches, remarks, and statements delivered by Bond during both terms as governor and are arranged by date. Many of the speeches contain Bond's handwritten notes.

Government Reorganization Sub-series

One of Kit Bond's first agenda items during his term as governor in 1973 was to increase the efficiency of government and end the spoils system. The reorganization of Missouri government was successfully implemented in 1974. The executive branch went from 87 agencies and 440 programs to 14 large departments. The Government Reorganization sub-series includes the working documents of the Bond administration that show the process of reorganizing government agencies, including letters, memos, press releases, and bill files. The series is arranged chronologically.

Governors Associations Sub-series

This sub-series consists of materials pertaining to governors' associations, and conference materials that Bond attended and was part of. The governors' association materials consist of correspondence, agendas, meetings, schedule of events, financial and committee reports, news releases, articles of organization, notes, and copies of speeches given at association meetings. The series is arranged by organization and then by date.

Press Files Sub-series

The press files sub-series contain Missouri News Summaries, weekly news summaries, news releases, State of the State Columns, Governors News Conference Summaries, Bond Op-Eds, miscellaneous press material, and press issues. The press files are arranged by press type and then chronologically. The miscellaneous press material, Op-Eds, and press issues were arranged alphabetically.

Legislative Sub-series

The legislative sub-series contains bills, proclamations, amendments, reports, speeches, news releases, press clippings, legislative committee hearing information, notes, and important legislative priorities during Bond's two terms as governor. The sub-series is arranged chronologically.

Scheduling Sub-series

The scheduling sub-series is arranged by topic. It contains memos, notes, correspondence, calendars, schedules, itineraries, and travel logs of Bond’s daily activities and important events during his time as governor.

Correspondence and Memos Sub-series

The correspondence and memos subseries are arranged chronologically. It contains correspondence to Missouri constituents, inter-office communication, congratulations and Bond appreciation letters from his election as governor in 1972, and important legislative issues facing Missourians.

Governor’s Actions Sub-series

The official actions of the governor are housed permanently at the Missouri State Archives in Jefferson City, Missouri, and many can be found online. Governor actions include things like appointments, pardons, executive orders, proclamations, and commutations. The Governor’s Actions sub-series includes a small amount of these actions and were kept because of the extra information contained in the documents such as Bond’s notes or letters and memos kept with the action. This series is arranged by type of document and includes some official actions from 1973-1984.

Minutes Series

This sub-series is arranged chronologically between 1973 and 2001. It contains Bond’s handwritten notes on legal sized paper from meetings with staff and cabinet members. The notes document Bond’s priorities for the week. Interspersed with the notes are memos and inter-office communications from Bond or to Bond from his staff, as well as calendars and some itineraries. This series provides a glimpse of how Bond managed his staff and how he prioritized his weekly goals for the office.

Campaigns Series

This series contains records pertaining to Kit Bond’s election campaigns beginning with his failed congressional race in 1968 to his last run for the United States Senate in 2004 and are arranged chronologically. Each campaign includes similar records such as campaign announcements, press releases, speeches, campaign finance filings, polls, opposition research, position papers, subject and issues files, fundraising, debate prep and transcripts of debates, and market research files.

Senate Papers Series**Speeches** Sub-series

This sub-series was arranged chronologically. It contains speeches, talking points, remarks, press releases, notes, and schedules associated with speeches Bond gave during his time in the Senate.

Reports Sub-series

While in the Senate, Bond had his staff create end-of-year reports that provided an overview of all aspects of work in his office, including travel, legislative priorities, contacts with constituents, media, issues, grant money received, bills sponsored and co-sponsored, and accomplishments. Included in this series, are end of term reports, which document Bond's successes for an entire Senate term. The reports are arranged chronologically, 1987-2010. At the end of this series is a section of miscellaneous reports pertaining to county and regional accomplishments and specific legislative areas like defense and the environment.

Schedules/Trips/Itineraries/Events Sub-series

Senator Bond's schedule was kept on a tri-folded card created by his staff. It includes a typed, hourly schedule and room for Bond's notes in a "things to do" section on the card. The schedules are arranged by date. Trip files include an itinerary and memos surrounding the travel. The schedules include the time and place Bond needed to be and the itineraries will include this information as well as the travel plans. These records are arranged by date, 1987-2010. In addition, the Event files include schedules, correspondence, press and itineraries of important events Bond attended, and they are arranged by date.

Press Files Sub-series

This sub-series contains press releases, transcripts of Bond's radio shows the Washington Listening Post and Washington Agricultural Update, listening post reports, newsletters, press statements, letters to the editor, InfoLine columns, Op-eds, and correspondence relating to press material. Most of the subseries is arranged chronologically except for the press statements, and miscellaneous press files which are arranged by topic. One of the newsletters is in Spanish.

Appropriations/Grants Sub-series

This sub-series contains materials pertaining to grant applications and appropriations requests, largely for Missouri-related projects for which Kit Bond advocated. Also included is material from his time serving on the Committee on Appropriations and its various subcommittees. The first part is arranged chronologically, followed by material arranged alphabetically by subject.

Legislative/Subject Files Sub-series

This subseries includes press releases, press clippings, general information compiled by office staff, speeches, Bond notes, correspondence, and important legislative bills sponsored by Bond, cosponsored or supported by Bond about important legislative topics during his time in the senate. These files were arranged alphabetically by topic.

Administrative Files Sub-series

The Administrative files are records kept by the various staffers and administrative professionals throughout Bond's time in the Senate and include memos, correspondence, and subject files. The bulk of these files consist of correspondence, both incoming and outgoing, and memos to and from Bond. The memos are arranged by date and are separated between memos staff wrote to Bond and memos Bond wrote to staff. There are also memos pertaining to specific subjects as well as memos regarding the Tuesday GOP policy meetings, Wednesday Club meetings, and

Thursday Club meetings. The memo section provides great insight into the workings of Bond's office and their legislative priorities. These files were kept largely by Jackie Perholtz and Donna Washington.

The correspondence was kept in its original arrangement. This material was organized either strictly by date, alphabetically within a year, and alphabetically within a year but divided by quarters 1-4 of the year. The correspondence includes constituent mail with replies, Dear Colleague letters, and routine communications with other members of Congress and Missouri officials and residents. A large portion of the correspondence files consist of thank you notes written to and from Bond. Because of the size of this portion of the papers, a decision was made to weed the letters. Routine thank you notes, recommendations for jobs, notices of change of jobs, and condolence letters, were discarded. Every effort was made to identify correspondence dealing with legislative matters, legislative priorities, examples of Bond's activities and priorities, and replies to constituent concerns.

Two cubic feet of files exist for Bond's Chief of Staff, Brian A. Klippenstein. Klippenstein worked with Bond in some capacity from the early 1990s to 2011. These files were kept in their original order and consist of letters, memos, Bond statements and remarks, and press releases. Anything outgoing from Bond's office, Klippenstein kept in a file organized by year.

The subject files are arranged alphabetically and include information staff collected on certain legislative initiatives, conferences, diplomatic visits, and special events. The files date from 1987 to 2007.

Photographs and Scrapbooks Series

This series contains photographs, photograph albums, and scrapbook material. The photographs are largely arranged chronologically by decade and document Bond's terms as governor, as well as his senate career. These are followed by a small amount of photographs arranged by topic. The series includes some family photographs, including annual Christmas cards. The photograph albums and scrapbooks overlap with some albums containing scrapbook material. Five large scrapbooks were disbound and most of the newspaper clippings were not retained. Of interest, is the material on Carolyn Bond's scrapbook documenting the publicity around her book on the Missouri Governor's mansion, *Past & Repast*. The series also includes photograph albums from National and Republican Governor's Conferences that Bond attended.

Oversize Material Series

This series contains certificates and other documents, as well as portraits of Kit and Carolyn Bond.

Audiovisual Material Series

This series includes audio cassettes, audio tapes, video cassettes, video tapes, 16mm motion picture film, compact discs, and DVDs from when Bond ran for Missouri's 9th congressional district to his time as governor, and senator. The audiovisual material also includes speeches, television appearances, and floor statements from Bond's time in Congress. The video cassettes are arranged by type of material and then by date while the rest of the audiovisual material is arranged by date. Some videos from the 1980s-1990s were digitized prior to donation and were

received as DVDs. There were two VHS tapes in other languages, one in Thai and one in Indonesian. The material is arranged chronologically by type of material.

Born Digital Files Series

Arranged alphabetically by type of material, this series contains photographs, press material, office documents, and a small amount of audiovisual material. The office documents include a "Letter Library" of form letters used for constituent mail during Bond's senatorial career. Staff files for Bond's 2004 campaign are also included, along with some correspondence and other miscellaneous material. The photographs are arranged chronologically. The photographs from the Senate Photo Studio were largely unidentified and mostly were of Bond posing with various constituents and groups. These images were heavily sampled, and only about 10 percent were retained as representative samples. The Senate Photo Studio photographs also include several portraits of both Kit Bond and the Bond family.
