Introduction
Approximately 2.5 cubic feet

The Harold Linden Forester Papers contain identification and travel documents, maps, illustrations, pamphlets, newsletters, postcards, correspondence, scrapbooks, photographs, newspaper clippings, academic materials, and military records. The materials date from 1925-2008 and pertain to Forester’s military service during World War II, his undergraduate years at the University of Southern California, his numerous jobs, his world travels, and his lifelong medical problems stemming from a wartime injury. The papers also contain information about the Forester family and Lawrence County, Missouri. Materials of interest include wartime letters from Forester to family members and friends, firsthand recollections of the Battle of Peleliu, and a scrapbook featuring photographs of the Forester family in Lawrence County, Missouri.

Forester was born in Aurora, Missouri, in February 1923. He was the son of Leroy H. and Ina Forester and had five siblings: Loren, Leroy H., Mildred, Walter, and Boyd. He graduated from Aurora High School in 1941 and took a job as a crew chief at Cessna Aircraft Co. in Wichita, Kansas. Forester joined the United States Marine Corps on February 2, 1943, at the age of 20. He was wounded by shrapnel while fighting with the First Marines at the battle on Peleliu, Palau, in 1944. Forester received an honorable discharge from the United States Marine Corps on June 2, 1945. After the war, he enrolled at the University of Southern California, graduating in 1949 with a Bachelor’s of Science degree. For the next forty years, Forester served in a variety of positions in the United States government, including as an administrative assistant for the Trust Territory of the Pacific Islands (1955-1964) and the Federal Aviation Administration’s Tokyo Flight Inspection Group (1966-1970). Forester settled in St. Charles, Missouri, in 1999. He died on September 10, 2012.
