**Introduction**
Approximately 92 cubic feet.

The papers of Lewis C. Green contain correspondence, newspaper clippings, depositions, and related legal materials pertaining to Green’s career as an environmental litigator. Working in conjunction with the Coalition for the Environment and the Sierra Club, Green was instrumental in preventing flood plain development in Missouri and ensuring that the Environmental Protection Agency enforced clean air standards. Green was active in the environmental movement from the 1960s until he died in 2003.

**Donor Information**
The papers were donated to the University of Missouri by Louise Green on October 18, 2010 (Accession No. SA3921).

**Copyright and Restrictions**
The Donor has given and assigned to the University of Missouri all rights of copyright which the Donor has in the Materials and in such of the Donor’s works as may be found among any collections of Materials received by the Society from others.
