This collection is available at The State Historical Society of Missouri, Research Center-Columbia. If you would like more information, please contact us at research@shsmo.org.

**Dates:** 1951-2000  
**Creator:** KOPN Radio  
**Collection Size:** 105.9 cubic feet, 20 audio cassettes, 7 video cassettes, 3 oversize items, 105 GB of digital files

**Introduction**  
Records of the organization include audio tapes from the locally produced Children's Radio Theater, Poetry Readings, live performances, and assorted miscellaneous recordings; correspondence; newspaper clippings; newsletters; grant materials; staff meeting minutes; brochures; expired FCC licenses; and miscellaneous material. Also includes records of the Missouri Theater Radio Workshop, including administrative files, grant applications, photographs, scripts, and audio cassettes from the project.

**Donor Information**  
The records were donated to the University of Missouri by David R. Taylor, Patricia M. Watkins, and Ryan Kind on behalf of KOPN on 7 April 2003. In September 2020, Tom Pilcher, General Manager, loaned CDs for copying. An addition was made by Kay Bonetti Callison on 9 November 2020.

**Note:** Some of the audio tapes in the collection were digitized by KOPN and the radio station later loaned the CDs to SHSMO to copy and add the digital files to the collection. The list of digital files can be found at the end of the inventory. Some digital files have no analog counterpart and are only available digitally. Also, filenames have been retained as they were received and may contain typos.

**Box List**

**Box 1**  
Missouri Theater Radio Workshop  
Scripts, 1980-1990
