**326**      **History, ca. 1923.**  
            **One folder, photocopies.**

This collection is available at [The State Historical Society of Missouri](http://The State Historical Society of Missouri). If you would like more information, please contact us at [shsresearch@umsystem.edu](mailto:shsresearch@umsystem.edu).

This is a history of the levee district based in Mississippi County, Missouri, including a summary of levee construction prior to the flood of 1913 and improvements made after that date, with recommendations for future construction. The report was submitted to Little, Vardaman & Ditting of St. Louis, purchasers of the district's construction bonds.
