

S0141 Small, Fred, Papers, 1936-1938
9 Folders, 137 Photographs, 2 8mm Films

This collection is available at The State Historical Society of Missouri. If you would like more information, please contact us at shsresearch@umsystem.edu.

Fred Small worked as a city engineer in St. Louis during the Works Progress Administration of the late 1930's. He supervised WPA construction projects in North St. Louis County, including Pine Lawn District Sewer construction and the Arbor Terrace paving project.

Collection includes city engineer reports, correspondence, town ordinances, village clerk minutes, films and photographs of the Works Progress Administration's construction projects in north St. Louis.
