ST. LOUIS REGIONAL CHAMBER RECORDS

This collection is available at The State Historical Society of Missouri Research Center- St. Louis. If you would like more information, please contact us at stlouis@shsmo.org.

Introduction

Approximately 45 cubic feet, 2088 photographs, 174 videos, 7 cassette tapes

The St. Louis Regional Chamber records contain materials from its six-predecessor organizations, the City Plan Commission, the Metropolitan Plan Association, the St. Louis Research Council, the St. Louis Chamber of Commerce, the Regional Industrial Development Corporation (RIDC), and the St. Louis Regional Commerce and Growth Association (RCGA). The records include correspondence, meeting minutes, reports, photographs, newspaper clippings, and videotapes, documenting the St. Louis Regional Chamber and its predecessor's mission to promote regional cooperation and planning for the development of the area's resources. Materials of interest include RCGA and RIDC's reports and studies, which provided economic and sociological analyses, as well as statistical data, of urban problems in transportation, public works, labor, the environment, capital investment, manufacturing, industrial education, and employment. The materials in this collection are incomplete, as they do not contain the records of the City Plan Commission before 1912.
