

PRELIMINARY INVENTORY
S0859 (SA3392)
CALLAWAY NUCLEAR POWER PLANT PUBLIC RECORDS COLLECTION

This collection is available at The State Historical Society of Missouri Research Center-St. Louis. If you would like more information, please contact us at stlouis@shsmo.org.

Introduction

Approximately 48 cubic feet

This collection contains records that Union Electric was required to make available for citizen scrutiny during the application, construction, and operating of the nuclear power plant. The materials in this collection include safety and construction reports, emergency plans, and inspection reports.

Donor Information

The records were donated to University of Missouri by a representative of the Washington University Archives on December 29, 2000 (Accession No. SA3392).

Copyright and Restrictions

Materials in this collection may be protected by copyrights and other rights. See [Rights & Reproductions](#) on the Society's website for more information about reproductions and permission to publish.
