

**S1028 DREY, KAT, CALLAWAY COUNTY NUCLEAR POWER PLANT, ADDENDA
1970-1989
643 FOLDERS, 1 TAPE**

Kay Drey donated the Callaway Nuclear Plant collection on December 4, 1984.

The Callaway Nuclear Plant began operation on December 19, 1984 near Fulton, Missouri. Ameren Corporation owns and operates the plant.

Environmental activist Kay Drey assembled this collection from the newspapers and literature of groups organized to oppose the Calloway Plant; legal documents from challenges to the Nuclear Regulatory Commission and Union Electric over the plant's operating license and safety concerns; and the files of Bill Smart, an ironworker fired the plant for going public with complaints about below-standard structural steel work and defective materials used in the plant's construction.

Arranged alphabetically with the following series divisions:

1. Anti-Nuke Media, folders 1-109; 2. Subjects, folders 110-225; 3. NRC, folders 226-364' 4. Legal Files, folders 365-4065. Bill Smart files, foldes 407-500; 6.
